OUR SERVICES

Container Shipping

Efficient transportation of containerized cargo with advanced tracking systems.

Port Operations

Comprehensive port management and cargo handling services.

Logistics Solutions

End-to-end logistics services including inland transportation.

COMPREHENSIVE DIGITAL SYSTEM FOR STREAMLINED OPERATIONS

APM Shipping has developed a comprehensive digital system that powers all aspects of our business operations. This integrated solution streamlines processes, enhances efficiency, and provides real-time tracking for our services, ensuring a seamless experience across all stages. Whether it's container shipping, port operations, or logistics solutions, our system enables optimized management, improved communication, and full visibility of every transaction, ensuring timely and reliable service for our clients.

Container Transport Services – From USA, Canada & Europe to Nouakchott

Standard Container Sizes

We manage both 20-foot (TEU) and 40-foot (FEU) containers, suitable for all types of cargo including electronics, textiles, industrial equipment, and more.

Door-to-Port & Port-to-Port Shipping

We coordinate full logistics from the departure point to the port of Nouakchott using ships, trucks, and trains, including loading and unloading with professional-grade equipment.

FCL & LCL Solutions

FCL (Full Container Load) – For clients with large volumes of cargo.

LCL (Less than Container Load) – For smaller shipments consolidated in shared containers.
